# Angel Book Sponsors

We are looking for sponsors from our Dragon Community to help make sure seniors who cannot afford a yearbook have a copy of the award winning book documenting their memories. Become an Angel, buy a yearbook for a student in need.

The last few years the yearbook staff has been able to provide LOHS counselors with 10-15 Angel books to give to senior students who may have never been able to purchase one during high school, and were unable to purchase one their senior year. We have the counselors identify who these students are, and they have shared with us the overwhelming gratitude and tears of happiness these students show upon receiving an Angel book.

Due to budget constraints, the yearbook staff can no longer offer these books. We are looking to our supportive community to help fill this void.

The Lake Orion High School student body spends a considerable amount of time and money in our community, please show your appreciation by paying \$80 to provide more students with an amazing, award winning yearbook.

## **Our Yearbook Angels will be recognized in the yearbook!**

We will list all Yearbook Angels in the business section of the yearbook. Please help us make more LOHS students cry tears of joy when they realize the community cares. Please make a check payable to LOCS for \$80. Please include how you would like your name to be listed on our Angel page:
