STUDENT RECORDS

The School District maintains many student records including both directory information and confidential information. Copies of official grades and standardized test scores are kept in the student's permanent record (CA60).

DIRECTORY INFORMATION

Directory information can be provided upon request to any individual, other than a for-profit organization, even without the written consent of a parent. Parents may refuse to allow the Board to disclose any or all of such "directory information" upon written notification to the Board. The Board designates the following as directory information:

- a student's name, address and telephone number
- a student's photograph
- a student's birthdate and place of birth
- a student's participation in School District related programs and extracurricular activities
- a student's academic awards and honors

- a student's height and weight, if a member of an athletic team
- a student's dates of attendance and date of graduation

ARMED FORCES

Male students age eighteen (18) or older they are required to register for the selective service. Students can register as part of a driver's license application at a Secretary of State office, with Selective Service online at www.sss.gov, any U.S. post office, or on application forms for Federal Student Financial Aid.

The Board shall provide United States Armed Forces recruiters with at least the same access to the high school campus and to student directory information (names, addresses, and telephone listings of secondary students) as is provided to other entities offering educational or employment opportunities to those students. "Armed forces of the United States" means the armed forces of the United States and their reserve components and the United States Coast Guard.

If a student or the parent or legal guardian of a student submits a signed, written request to the board that indicates that the student or the parent or legal guardian does not want the student's directory information to be accessible to official recruiting representatives, then the officials of the school shall not allow that access to the student's directory information. The Board shall ensure that students, parents and guardians are notified of the provisions of the opportunity to deny release of directory information. Form denying release of directory information to recruiters is on the LOHS website. Please see the link below.

[LOHS Directory Information-Not Released to Military Recruiters](#)

TRANSFER OUT OF THE DISTRICT

Parents must notify the student's counselor about plans to transfer their child from Lake Orion High School to another school. The transfer will be authorized only after the student has completed all necessary withdrawal paperwork, returned all school materials and paid any fees or fines that are due. School records may not be released if the transfer/withdrawal is not properly completed. Parents are encouraged to contact the student's counselor for specific details. If a student's family moves out of the Lake Orion School District, the student is permitted to continue attending Lake Orion High School for the remainder of that semester; however, the family must provide transportation to and from school. The school must be informed of the new home address and telephone number. At the end of the semester, the student will be required to transfer to the school District of the new residence.

School officials, when transferring student records, are required to transmit disciplinary records including suspension and expulsion actions against the student.

WITHDRAWAL FROM SCHOOL

No student under the age of eighteen (18) will be allowed to withdraw from school without the written consent of his/her parents. Students must complete all required withdrawal paperwork, return all school materials and pay any fees or fines that are due prior to withdrawal.

EMERGENCY SCHOOL CLOSING

Occasionally it is necessary to close school when conditions exist that are detrimental to the health or safety of students and staff. The decision to close schools is made by the superintendent. For the latest information on school closing and emergency events as they happen, check:

- School Messenger
- Lake Orion Schools website- www.lakeorion.k12.mi.us
- Radio Stations – 760 WWJ & 950 WJR
- TV Stations – Channel 2, 4, 7 & 50

We will attempt not to send students home after school has started. However, on rare occasions it may become necessary to dismiss school early. Parent(s)/Guardian(s) should discuss the possibility of early dismissal with their son/daughter to make sure arrangements are made in advance.

PARENT INVOLVEMENT

Parental support and involvement is critical to the success of a high school. Lake Orion has a tradition of positive parent, guardian and community involvement in many aspects of school life. Parents may become involved through various committees and support organizations throughout the academic year. Please contact the Main office for more information.

Lake Orion Parent Organization (Dragon United - PTO): The PTO is led and organized by Lake Orion High School Parents and provides participants an opportunity to get involved in a variety of ways. Meeting dates and times are posted regularly on the website.

School Improvement Team (SIT): The SIT Committee serves as the central line of communication for staff, community members and students. The purpose of SIT is to provide a forum for staff, community members and students to discuss school curriculum, school improvement, programs, procedures and goals. This process ensures input from all interested parties in the decision making process. Any activity that affects or disrupts student learning must be approved by administration. All field trip requests, conference requests and events that impact the time schedule must be reviewed by administration. A staff member from each department within the school, two parent representatives and two student representatives act as voting members. Meetings are open to all staff members, community members and students.

ACADEMIC RECOGNITION

ACADEMIC RECOGNITION

Lake Orion High School recognizes academic achievement in many ways. An honor roll is published at the high school and in the local newspaper. This honor roll acknowledges anyone who achieved a 3.2 grade point average for the term. (Term GPA is based on completed courses only, not courses in progress. Credits for skinny courses are earned after Term 2 and 4.)

Seniors receive special awards and recognition during Lake Orion High School's yearly Honors Ceremonies. A morning and evening program are held each June. Families and students are encouraged to attend these important events.

BOARD OF EDUCATION

LAMP OF LEARNING ACADEMIC AWARD

The awards earned in grades 9-12 are not earned by grade level, but rather in a four-step process. Therefore, the student must earn each award in order, regardless of his/her current grade level.

Each year a high school student earns a 3.5 GPA or higher, he/she receives an academic award.

- Freshmen receive a Ribbon if a 3.5 GPA was maintained in 8th grade.
- Sophomores receive an Academic Letter if a 3.5 GPA was maintained in 9th grade.
- Juniors receive an Academic Letter or Bronze Pin if a 3.5 GPA was earned in 10th grade; or by maintaining a 3.5 **cumulative** GPA for 9th and 10th grades combined.
- Seniors receive an Academic Letter, Bronze Pin or Silver Pin if a 3.5 GPA was earned in 11th grade; or by maintaining a 3.5 **cumulative** GPA for 9th, 10th and 11th grades combined.
- Seniors (spring ceremony) receive their final award – an Academic Letter, Bronze Pin, Silver Pin or Gold Pin – if a 3.5 GPA was earned through the third term of their senior year; or by maintaining a 3.5 **cumulative** GPA for 9th, 10th, 11th grades and through the 3rd term of 12th grade combined.

Awards are earned based on the work of the entire school year and are given out in the fall of the following academic year (i.e. an award earned in the 8th grade is given out in the fall of the 9th grade; the award earned as a freshman is given out in the fall of the sophomore year, etc.). Students that attend the International Academy are not eligible for the Lamp of Learning Awards.

ACADEMIC HONORS FOR GRADUATION

Students are honored for their hard work and academic achievement. This designation will be based on the overall cumulative GPA following the completion of a senior's third term. Our three tiered recognition program for seniors is as follows:

Summa Cum Laude	3.900 and above	(Gold cord)
Magna Cum Laude	3.700 - 3.899	(Silver cord)
Cum Laude	3.300 - 3.699	(Green & white cord)

ACADEMIC INFORMATION

ACADEMIC UPDATE - PROGRESS REPORT INFORMATION

Faculty will complete academic updates for all students regularly throughout the term/semester. Parents/guardians will be contacted by faculty through means such as phone calls and/or electronic communication when a student is failing a course. Any questions concerning the student's successful completion of the course should be discussed with the instructor.

Grades for courses taught on a skinny schedule will have progress grades at the end of **Term One** and **Term Three**. **Final grades** for skinny courses will be graded at the end of **Term Two** and **Term Four**.

GRADING STANDARD GUIDELINES

The following GRADING STANDARD GUIDELINES have been developed for the purpose of reflecting the evaluation of the student's progress in a consistent manner within the District.

Teachers shall develop personal grading scales within the guidelines listed below. They shall discuss their grading scale with their students in order that students may become fully aware of the teacher's evaluation procedure.

NOTE: See Grading Scale below for GPA.

Each course will have final assessments worth 20% of the final grade. These final assessments can be administered at the teacher's discretion. Block classes will have a final grade at the end of each term. Skinny classes will have a progress grade at the end of the term and a final grade at the end of the semester.

ISSUING CREDIT AND GRADES IN COURSES

The term grade in a course is determined by the teacher based on work done by the student. This work includes tests, quizzes, homework, daily assignments and other forms of assessments. Other subjective factors such as classroom participation and the student's ability to work with peers are considered. In addition, the final exam given at the end of each term shall be weighted at 20% of the final grade. There are several ways a student can earn credit and pass classes (**Please refer to the chart below for clarification.**)

SCENARIOS

1. A student is passing the course. The student fails the final exam. If the student's final grade is passing, the student receives the passing grade and the credit.
2. A student is passing the course. The student fails the final exam. If the student's final grade is failing, the student receives the failing grade and does not receive the credit.
3. A student is failing the course. The student passes the final exam and raises the final grade to passing. The student receives the passing grade and the credit.
4. If a student scores 80% or higher on the final exam, the student receives credit for the class and is issued a grade of "P".

GRADE BEFORE FINAL EXAM	GRADE ON FINAL EXAM	FINAL GRADE IN COURSE	END RESULT
1. Passing	Failing	Pass	Credit
2. Passing	Failing	Fail	No Credit
3. Failing	Passing	Pass	Credit
4. Failing	80% or Higher	Fail	Credit
5. Failing	79% or Lower	Fail	No Credit

*The student who earns a failing grade in the course may only attempt the final exam once.

ACADEMIC APPEALS

To initiate an academic appeal, the student and their parent or guardian must submit a written appeal to the principal. The principal will meet with the teacher responsible for issuing the grade or credit to discuss a resolution. If the appealing party is still dissatisfied with the outcome, a committee will be formed consisting of a school board member, an administrator, and a teacher to review the appeal. The decision of this committee is final. All requests for an academic appeal must be submitted to the principal within two weeks of when the term or final grade has officially been posted.

GRADE REPORTS

Grade Reports are an indication of a student's progress and success in school. The present grading system in use at Lake Orion High School is as follows:

A - Excellent	E - Failure
B - Good	P - Pass/credit issued
C - Average	NC - No credit but passing at time of withdrawal
D - Below Average	I - Incomplete
	W - Withdrawal

Grade Reports are available online for students and parents within ten (10) days after the completion of each ten (10) week term.

NO CREDIT

If a student is required to drop a class after fifteen (15) days into the marking period due to an accident, illness or other reasons beyond his/her control and is passing the class, he/she will be assigned an "NC" which will not be factored in the student Grade Point Average.

If a student is failing at the time of the withdrawal, he/she will receive an "E." Before an "NC" grade can be assigned, it MUST be authorized by a counselor or an administrator.

INCOMPLETES

Teachers may assign this grade with administration's approval in the event that a student, due to unusual circumstances, is not able to complete all the assignments at the scheduled end of the term. All overdue work must be completed **within the first two (2) weeks of the following term**. If work is not completed, the student's grade on those assignments will *automatically* be changed from an "I" to an "E."

SERVICE LEARNING

Service Learning is a graduation requirement. Service Learning is a teaching/learning method that connects meaningful service with academic learning, personal growth and civic responsibility. Through service, students will understand their connection to others and to society. Students will also understand how and why contributions and service are helpful to society. A detailed outline of specific requirements and guidelines can be found on line, in the curriculum handbook and in the Career Resource Center.

Service Learning hours completed during the school year need to be turned in no more than 60 days following the completion of the activity. Service Learning hours completed during the summer break must be turned in no later than September 30th of that year.

In order to walk at graduation: All service hours, along with a verification/reflection sheet for each site, must be submitted to the Career Resource Center **no later than the Friday after spring break of the student's senior year.**

In order to receive a diploma: All service hours, along with a verification/reflection sheet for each site must be submitted to the Career Resource Center no later than the last school day in June of your senior year.

TESTING OUT

Any student, grades 9-12, is permitted to test out of any required or pre-requisite course in order to take higher level courses.

For each testing out date, it is strongly recommended students test out of only two 10-week term courses for a total of one full credit. Due to the extensive curriculum material for each class period, it is extremely challenging for students to successfully test out of additional courses.

- The application deadline for the December testing out exams is October 15, 2017, and the deadline for the May testing out exams is March 15, 2018.
- Students may only attempt to test out of the same course one time.
- Test out assessments will be handled as follows:
 - **Scores 79% and below** are not proficient, and the student will be required to take the course for high school graduation credit. The attempt to test out will not be reflected on their transcript.
 - **Scores 80% or higher** demonstrate content mastery of the course, and the student will be given high school graduation credit and a grade of “P” for passing will be indicated on the student’s transcript.
- Once the student has successfully completed the testing out process, with an 80% or higher, they will be allowed to enroll in a higher level course in that sequence. He or she may not enroll in a lower level course in the same subject matter sequence.
- A grade of a “P”, depending on the final grade, will not be included in a computation of grade point average for any purpose.
- All testing out assessments will evaluate the same performance expectations as stated in the course syllabus. The assessments may include one or more of the following:
 - Written Tests
 - Oral Tests
 - Portfolio
 - Projects
 - Papers
 - Performance

All testing assessments stated above will be given the second Wednesday of December and the second Wednesday of May.

- Be aware, NCAA Clearinghouse will not recognize testing out credits when determining eligibility for Division 1 or Division 2 College athletes.

REVIEW OF INSTRUCTIONAL MATERIALS

Parents have the right to inspect, upon request, any instructional material used as part of the educational curriculum of the student. The parent will have access to the instructional material within a reasonable period of time after the request is received by the building principal. The term instructional material means instructional content that is provided to a student, regardless of its format, including

printed and representational content that is provided to a student, regardless of its format, materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or assessments.

ACTIVITIES - EXTRA CURRICULAR

CLUBS/ACTIVITIES PROGRAMS

The following clubs are active at Lake Orion High School: Guidelines and application procedures for forming new clubs/activity programs are available in the Main Office.

Art Club: Membership is open to students who have an interest in art. This is an open studio time for the Art classes and any other LO students. M. Length of Season

As soon as a potential student athlete declares that he/she intends to be a part of a team, or if he/she has been a team member the previous year, they must conduct themselves in accordance with all rules and regulations, as stated in this code for 12 consecutive months.

Any potential student athlete found in violation of any sections of this code will be subject to a punishment deemed necessary by the Athletic Director. The punishment will be in accordance with the severity of the case and the number of instances.

N. Forgery of Any School Document

Failure to Comply:

This will result in immediate dismissal from current sports team. **Athletic Director, athlete, parent or guardian and affected coach(es) shall** meet to review circumstances of situation and make a decision as to length of dismissal.

SECTION II

A seventh grade student competing in an athletic program must be under fourteen (14) years of age. An eighth grade student competing in an athletic program must be under fifteen (15) years of age. A student, who reaches that age after September 1, is allowed to participate for the balance of the school year.

C. Physical Examination

Each student athlete must have a physical examination by a physician certifying that the student is physically able to compete in athletics. This physical must take place on **April 15** or later in order to be valid for the current school year. **A student shall not participate in any practice sessions or athletic contests until a complete physical examination form has been turned into the Athletic Director's office.**

If there is a question at any time as to the fitness of the athlete to continue to perform on a team, the school will require another physical examination and the parents' written approval for their son/daughter to participate.

D. Insurance Waiver

The student must submit to the athletic office an insurance waiver form or purchase the school insurance prior to participating in any athletic practice sessions or contests. A family who provides satisfactory evidence of an inability to pay the premium amount will not be required to do so.

To be academically eligible to participate in the athletic program, a student must be currently passing **all classes** and earning a 2.0 term grade point average. Each week, on Thursday, the District Athletic Director will receive an electronic grade report on all high school athletes and notify the appropriate coach of ineligible students. This term grade report will be used to determine whether a student-athlete is eligible for competition in the following week.

If a student is maintaining a current 2.0 GPA on a weekly basis, and passing 66.6% of their class load the student will remain eligible until the third such occurrence within a semester or term. The three occurrences need not be in succession.

In addition, the student must receive a 1.66 GPA for the semester **or term** previous to the sport season **in order** to participate. **Athletes must contact the Athletic Office for information on the Window of Opportunity.**

Students, in some instances, may petition for a one-time **“Window of Opportunity”** in order to compete in the program.

The Athletic Director will review circumstances for denial or approval.

This “Window of Opportunity” is not automatic and students must abide by all other eligibility requirements in order to remain on the team.

H. Written Consent

Both the student and parent must sign the agreement form and return it to the Athletic Office where it will be kept on file. The student will not be permitted to participate until this form is returned.

SECTION IV

A student alleged to have violated any provision of this code shall be advised of the violation by an appropriate administrator. The administrator shall provide the student an opportunity to explain or rebut the charges and after interviewing any witnesses, shall render a decision. If the infraction is verified and the code speaks directly to the penalty – no appeal will be heard at the school level.

FOLLOWING ARE THE STEPS TO BE FOLLOWED IN THE EVENT OF AN APPEAL

A participant deemed in violation of the code may appeal any such decision by:

- 1) Submitting a written request to the building principal or designee who will conduct a hearing as soon as possible. (Parents will have been notified of the violation prior to the date of hearing in compliance with the Lake School District's Student Code of Conduct).
- 2) All parties including the affected coach and the student involved in the incident will be given an opportunity to be heard and to present relevant information related to the matter.
- 3) The principal or designee will make final determination of the appeal based on their fact finding in accordance with the Code of Conduct for Student

Athletes. The student athlete, his/her coach, and the athlete's parents will be advised in writing of such determination

Having followed this procedure, should the student and/or parent not be in agreement with the decision, it may be appealed to the superintendent or designee and subsequently to the Board of Education.

NCAA DIVISION I ELIGIBILITY

In Division I Institutions, the NCAA (National Collegiate Athletic Association) has strict rules governing the eligibility of freshmen college athletes. Only certain courses will allow a student to participate in intercollegiate sports. Alert your counselor of your ambitions and he/she will provide the necessary guidance during the course selection process.

ATTENDANCE

ATTENDANCE PHILOSOPHY:

We believe in the value of every student being in every class every day. Regular attendance is necessary if students are to receive full benefit from their educational experiences. The benefits of class discussion, individual student participation, teacher lectures and other classroom activities cannot be made up by those who are absent. A student's academic standing may be affected by his/her absenteeism. The awarding of credit will be based upon the student's academic performance in conjunction with his/her attendance. School attendance is the joint responsibility of the students, parents and school.

ATTENDANCE POLICY:

A student who exceeds six (6) absences in a ten-week term could face the following consequences.

- Staff member initiated Attendance Referral to the appropriate Associate Principal
- Parent/student conference with Associate Principal and/or letter documenting excessive absences
- Parking privileges suspended
- Student Disciplinary Contract
- Further medical documentation required
- Loss of credit
- Referral to Youth Assistance and Truancy Officer
- In School Suspension

ADDITIONAL ATTENDANCE GUIDELINES:

Truancy: Truancy is against the law for a student who turns age 11 on or after December 1, 2009 or a child who was 11 before that date and enters grade 6 in 2009 or later. The child Parent or Guardian shall send the child to public school during the entire school year from the age of 6 to the child's eighteenth birthday.

Students who are truant/skipping will receive the appropriate consequence according to the school demerit policy located in the student code of conduct section of this handbook. Page 76.

Long Term Absences: Extended absences are strongly discouraged; however, a student may be granted an advanced excused absence when the parent/guardian feels it is necessary and no other arrangements can be made. **After notification by a parent/guardian, an advanced excuse form should be obtained from the attendance office one week prior to the absence to allow the teacher and student the opportunity to make arrangements to complete assignments.**

Early Dismissals: Students are not to leave school for any reason without an EARLY DISMISSAL PASS from the Attendance Office. An Early Dismissal Pass requires a parent/guardian to call the Attendance Office prior to the student's

exit from the building. Students leaving without prior authorization from the Attendance Office will be recorded as absent from classes missed. Parents are encouraged to call in prior to 12:00 pm for their child on the day of the early dismissal. An early dismissal pass should be picked up in the attendance office. The attendance office can be reached at 248.693.5424 or 248.693.5428.

Expulsion: Long term exclusion from the right to be present on school premises.

In-School Suspension: ISS will be used at the administrators' discretion when dealing with student behavior.

Out-of-School Suspension: Exclusion from the right to attend all scheduled classes and any after school sponsored events for a period of 1-10 days.

Long Term Expulsion: Long term expulsion is the exclusion from the right to attend scheduled classes/activities for a period of 11 or more days.

At the high school level, the following will not count against any attendance totals:

- Late bus
- Written verified detainment by school personnel
- Approved participation in a school activity

Students are required to be in class prior to the tardy bell. If less than five minutes late, students receive a “T” (tardy). If more than five minutes late, students are marked absent for the class. This applies to all class periods with the exception of 1st period. For 1st period **only** if less than 10 minutes late students receive a “T” (tardy). If more than 10 minutes late to 1st period students are marked absent for the class. The school messenger system will call the student’s home the day of each tardy and/or absence.

CONSEQUENCES FOR TARDIES:

Long Term: Assignments that have due dates seven (7) calendar days or more after the date of assignment are considered “long term.”

As long as a minimum of seven (7) calendar days are provided to the student to complete an assignment, the student is responsible for completing that assignment and turning it in on the due date originally assigned. If a student

has an excused absence on the due date for a long term assignment, they are expected to turn in the assignment at the beginning of the class period for which the assignment is due the day they return from being absent. For any school sponsored activity or athletic event that requires a student to attend part of their school day, the student is responsible for completing any/all assignments issued and turning them in on the due date originally assigned.

Short Term: Assignments that have due dates six (6) or less days from the time the assignment is given are considered “short term.” If a student is absent on either the date of assignment or the due date, they will receive an extra day extension on the due date equal to the amount of those absences. If the student has an absence that occurs between the date the assignment is given and the due date, an extension to the due date will be given in an amount of days equal to those absences only if the assignment is worked on during class on the days of those absences.

- B. Shall special education students be given additional consideration?

Parents/guardians are asked to complete all the sections of the card during pre-registration. Emergency card receipt will be monitored and students may be excluded from school for failure to submit a completed emergency card.

MEDICATION

It is the policy of Lake Orion Community Schools to cooperate with parents in dispensing medication *that has been prescribed by their doctor* to be taken during the school day. Appropriate precautions regarding medication are taken at the school and the information is treated as a confidential matter.

Before the school principal or his/her designee can administer medication, either prescription or over-the-counter, an authorization form must be on file at the school. The authorization form must be signed by a parent and the doctor, indicating the child's name, what medication is being taken, the purpose of the medication, the proper dosage, dates the medication is to be taken and any possible reactions.

All medication is kept locked in the office and must be in the container issued by the registered pharmacist. Over-the-counter medication must be in the original container. Medication cannot be sent to school with the child. A parent or guardian must bring it to the office.

SCHOOL HOURS

School hours are from 7am to 3pm. Students in the building before or after school hours must be accompanied by an adult supervisor and must remain in approved locations.

SEARCH AND SEIZURE

Searches are a legal and important component of preventing drugs from entering the school setting. The law is very clear that appropriate school officials may conduct a search upon "reasonable suspicion" that a student possesses and/or has transported mood-altering substances of an illegal nature onto school property.

The District will continue to search lockers when reasonable suspicion exists. A periodic general inspection of school lockers by school authorities may take place at any time during the school year without notice and without student consent. Furthermore, a locker inspection may be targeted to a specific locker or lockers if there is reasonable suspicion to believe the lockers contain any mood altering substance.

The District will also conduct periodical general inspections of school desks by appropriate school authorities at any time during the school year without notice and without student consent. In addition, a desk inspection may be targeted to a specific desk or desks if there is reasonable suspicion to believe the desks contain any mood altering substance. It is important to note that, student lockers and desks are school property and remain at all times under the control of Lake Orion Community Schools.

A third search area involves automobiles. A student's automobile, which is parked on school property, may be searched with the student present if there is reasonable suspicion to believe the automobile contains any controlled substance.

A fourth search area involves students. If, upon reasonable suspicion a student/person and/or personal effects (e.g., purse, backpack, athletic bag and/or any other area where an illegal substance may be concealed) may be searched by a school official. A strip search, however, will not be allowed in Lake Orion Community Schools under any condition.

School authorities have used the searches previously mentioned when appropriate to conduct searches. The District will continue and become more aggressive in conducting those searches, which are legal under the law in an attempt to drive out and/or eliminate mood-altering drugs from school property.

A student's failure to permit searches and seizures, as provided in this policy, will be considered grounds for disciplinary action. A student's person and/or personal effects (e.g., purse, book bag, athletic bag) may be searched whenever a school official has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials. If a properly conducted search yields illegal or contraband materials, such findings shall be turned over to proper legal authorities for ultimate disposition.

Firearms, weapons, stolen goods, drugs, alcohol, fireworks or explosives and any other items reasonably determined to be a threat to safety or security or which may disrupt or interfere with the educational process, will be seized by school authorities and appropriate disciplinary action will be taken.

TECHNOLOGY RESOURCES AND PERSONAL TECHNOLOGY DEVICES ACCEPTABLE USE AGREEMENT

Students are responsible for keeping track of the exact copy of the textbook issued to him/her as indicated by the barcode on the back or spine of the book. It is advisable for students to write their names on the inside front cover of the books. The books will be collected during the last week of class.

It is the responsibility of transferring or departing students to return their books. Failure to do so will result in the student being billed for the textbook replacement costs. Students will be charged for losses or damage more severe than "normal wear and tear." **If a student feels that the textbook issued to him/her has damaged, he/she should report the damage within 24 hours of being issued the textbook.**

- a) Textbook returned but it needs a new binding: cost = 1/3 the cost of a replacing textbook.
- b) Textbook returned, there is excessive wear, but is usable: cost = 1/3 the cost of a replacing textbook.
- c) Textbook not returned, or returned but not usable: cost = full cost of a replacing textbook.

Students with outstanding book fines will not be afforded the following privileges: parking passes, participation in athletics or other extra-curricular clubs and activities; and, for seniors only, receipt of graduation cap and gown until their outstanding fines are paid.

Graphing calculators can be checked out on a first come, first serve basis in the Learning Center. Students wishing to borrow a graphing calculator from the Learning Center will be required to place a \$20 deposit at the time of

checkout. The deposit will be refunded to the student when the calculator is return in complete and working order. At the end of each 10-week term, calculators must be returned or renewed. Calculators not returned, or returned but not usable, will be charged the cost of replacing the calculator.

USE OF BUILDING

The high school building may be used evenings for student meetings, play practice, etc., if under the supervision of one or more members of the faculty. **Arrangements for using rooms and/or parts of the building in the evening must be made by obtaining and completing a Facility Use Application form well in advance of the activity date. The form is then submitted for approval through the High School Administration.** The same student rights and responsibilities contained in this handbook apply during evening use of the building.

VISITORS

All visitors **MUST** check in and show identification at the Security Desk in the front entrance. This requirement helps to assure a safe and secure school. Students are not allowed to bring visitors to the building during school hours (7am to 3pm).

Interested parents and community members are welcome to visit the building and meet with administrators and teachers. Please call the main office to make an appointment.

Visitations by students from other schools, which may or may not be in session, are not allowed unless expressly for educational purposes.

COUNSELING

COUNSELING AND GUIDANCE SERVICES

The Guidance and Counseling Department follows a comprehensive curriculum designed to serve the needs of students. Each counselor works with assigned students to help them develop appropriate educational and career goals. This process is begun while all 9th grade students take a Careers course, which includes career exploration, personal inventory of interests linked with career pathways, and development of an educational plan.

In addition to assisting in career planning and educational planning, counselors often assist students in problem-solving and decision-making.

The Substance Abuse Prevention Advisor provides a variety of services to students and parents including prevention, intervention and education.

Students who wish to see their Counselor or the Substance Abuse Prevention Advisor should fill out a request form in the counseling offices. Students are assigned to a counselor alphabetically.

STATE REQUIRED ASSESSMENTS - The **M-STEP, SAT and WorkKeys** will be administered to all juniors in the spring. The examination will assess student's knowledge of English Language Arts, Mathematics, Reading, Social Studies and Science. In order to graduate, students must complete all subject areas of the state required tests -- **making a serious attempt and best effort throughout**.

ACT/SAT – The American College Test (ACT) and the Scholastic Aptitude Test (SAT) are college admissions tests. While colleges across the country accept either test, it is imperative to check the admissions requirements for each college you may be interested in attending.

TESTING INFORMATION – for testing information visit the LOHS counseling website.

The **Michigan Math Prize Competition** is administered to capable math students each fall. Part I of the test is given in October and Part II is given in December.

Advanced Placement (AP) testing is offered to students each spring. These tests provide a chance for students to earn college credit in specific areas.

ASVAB is the Armed Services Vocational Aptitude Battery, one of the oldest, most accurate, and reputable career planning tools. The battery gives students assorted ability measures and helps match ability with **interests** for possible career matches. Military services utilize the battery for recruiting; however, **students will not be recruited as a result of taking the ASVAB unless they choose to be!** See Janette Jones in the career Center for military contact information.

SCHEDULING

When planning their academic curriculum, students should:

- a. Create a realistic four-year plan that includes curriculum in their area of interest.
- b. Include curriculum choices that best prepare them for future jobs and college admission.

This process is most valuable with a cooperative effort between the student, parents, teachers and counselors.

Each student is asked to review all scheduling materials thoroughly and consult with his/her counselor on problems or concerns. Once decisions are made, the student will enter the courses into Course Planner. Once submitted online through Course Planner, the course selection sheet must be printed and signed by both student and parent and then turned into the first hour teacher. **Subsequent changes for next year's schedule must be made by June 15th of this year.**

SCHEDULE CHANGES

The LOHS Master Schedule is designed to meet student requests for classes. Each class and/or multiple sections of a class offered reflect a "reserved seat" for students. Schedule changes create Master Schedule conflicts and can eliminate choices for students. Therefore, **changes will only be made within the first 3 days of the term, when the following conditions exist:**

1. Incomplete schedules
2. A class which is a repeat of one that the student has earned credit
3. The class is scheduled more than once
4. A class for which the student does not have the prerequisites
5. Graduation Requirements
6. Adjustments made for internships, co-op and dual-enrolled students
7. Doctor's excuse
8. Misplacement in incorrect course level; i.e. computer error

GRADUATION REQUIREMENTS

Please refer to the LOHS website for specifics. Any student who has not fulfilled all graduation requirements will not receive a diploma. If not fulfilled by set deadlines, students **will not** be permitted to participate in **any** commencement ceremony activities.

- Students needing to make up credits should meet with their counselor for a variety of credit recovery options.

In order for a student to receive a high school diploma for the year they were supposed to graduate, they must complete their credit(s) before the beginning of the next school year.

- **Service Learning:** Students must complete the required 40 hours of service learning by the first Friday following Spring Break of their Senior year to be eligible to walk at graduation.
- **CFE Senior Exit Presentation:** Students are required to earn a passing score on an exit presentation during their senior year.
- **M-Step:** In order to graduate, all students must complete all segments of the required standardized testing.

EARLY GRADUATION REQUIREMENTS

Seniors may graduate from Lake Orion High School one term early if he/she fulfills the following requirements by the end of third term:

- Complete and return the early graduation application by the last day of 2nd term.

Students graduating early may still attend the prom, senior academic and awards ceremony, graduation practice, the graduation ceremony and the senior all night party.

REPEATING A COURSE

Students may repeat a class. Both grades will be listed on their transcript; only the higher grade will be factored into the G.P.A. The student will receive an “elective” credit rather than a “required” credit for that particular academic area.

COLLEGE APPLICATION PROCESS

Students who plan to enter college should familiarize themselves with the various entrance requirements of colleges/universities. Colleges have websites with a wealth of pertinent information. Application forms and financial aid applications for many Michigan colleges are available online. Most colleges/universities prefer online registration. Visit the counseling department on the LOHS website for additional college planning resources.

COLLEGE APPLICATION DISCLOSURE POLICY

Lake Orion High School has a policy of full disclosure when dealing with colleges. Lake Orion will release to the colleges, when requested, all academic records and transcripts. Lake Orion has the option to disclose disciplinary action resulting in suspensions during the junior and senior years as well as violations of the academic integrity policy.

The credentials of seniors admitted to college are subject to review by the college upon high school graduation. Students and counselors are expected to report any serious changes in the student's academic performance or behavior during the senior year.

College representatives will be scheduled to visit Lake Orion High School in the fall. The procedure to speak with them follows:

1. The dates and times of the college representative visits will be posted on the school website under "Counseling".

3. Students are responsible for coursework missed while attending the presentation.
4. College Information Night/College Fair will be held during 3rd term each year.

If student behavior is inappropriate, bus referral forms will be issued with the following consequences:

STUDENT CONDUCT

STUDENT CODE OF CONDUCT

PREAMBLE: The object of this Code of Student Conduct is to provide a systematic, consistent approach to handling its violations. It is very important for students to read and understand this code, as it is a statement of both rights and responsibilities.

INTRODUCTION: The Lake Orion Community Schools recognizes the following:

- That the primary intent of society in establishing public schools is to provide an opportunity for learning.
- That the student has full rights of citizenship as delineated in the United States Constitution, the Constitution of the State of Michigan, the School Code, and other laws passed by the State of Michigan.
- That citizen ship rights must not be abridged, obstructed, or in other ways altered, except in accordance with due process of law.
- The education is one of these citizenship rights.

Further, this Code of Conduct must:

- Preserve for ALL students an educational atmosphere, which is ordered, safe, and conducive to effective teaching and learning.
- Promote for EACH student his or her optimum development as a responsive, productive, and self-disciplined citizen, both in school and in preparation for adulthood.
- Assist EACH individual pupil to assume more responsibility for his/her own actions as he/she matures and gains experience.

The policy that follows represents the combined efforts of students, parents, teachers, community members, school administration and the Board of Education.

a. "If there is a clear and direct connection between the school District and any illegal incident which occurs off school property, disciplinary action may be pursued up to and including expulsion from school."

b. "If any school offense is found to be gang related the penalty can be increased up to and including expulsion from school."

DISCIPLINARY VIOLATIONS

The following factors are considered before suspending or expelling a student from school:

- The student's age
- The student's disciplinary history

- Whether the student has a disability
- The seriousness of the violation or behavior
- Whether the violation or behavior committed by the student threatened the safety of any student or staff member
- Whether restorative practices will be used to address the violation or behavior
- Whether a lesser intervention would properly address the violation or behavior

ACADEMIC MISCONDUCT/PLAGIARISM: (7 points)

We believe that students are in school to do their own work. We assume that any schoolwork that is turned in for credit is a result of that student's effort. Generally, plagiarism occurs any time a student turns in work, which is not his/her own. Plagiarism is defined as “stealing and passing off the ideas or words of another as one’s own.” Thus, plagiarism is prohibited. The use of purchased or a submittal of another’s work, including authored language from the Internet, is also specifically prohibited. Those that contribute to the academic misconduct of others are subject to the same disciplinary measures; therefore, students who provide unauthorized assistance; i.e. papers to be copied, answers to tests and or copies of tests or test questions are also in violation of the policy and will have the same penalty. The use of on-line translators for work submitted by Modern Language students is strictly prohibited.

Academic Misconduct is a disciplinary issue that will result in progressive consequences. A student’s record in cumulative.

- First Offense: Opportunity to redo assignment; disciplinary consequence may range from detention to suspension. Student may be assigned work to understand and prevent future academic misconduct.
- Second offense (and beyond): Student will be given an academic consequence, such as a “zero” on the assignment; standard disciplinary consequence is one-day suspension with assignment to understand and prevent future academic misconduct.

ALCOHOL/INTOXICATING SUBSTANCES: (16-22 points)

Possession, distribution, sale or consumption of alcohol prior to entering school property or a school event, or while on school property are prohibited. The consumption and/or possession of any alcoholic look-alike beverage in any District building, on District and school grounds or at any school or District sponsored activity or event is also prohibited. (See the Substance Abuse Corrective Action Policy – page 83)

ARSON: (22 points)

The willful and malicious burning of or attempt to burn, any building, part of any building, structure or property is arson.

- **Any Offense:** Parent/guardian contact, 10-day out of school suspension and possible recommendation for long term suspension or expulsion.

CAFETERIA/LUNCHROOM EXPECTATIONS: (1-8 points)

Students are assigned a specific lunch period. During lunch, students will:

1. Bus their own tables/litter completely
 2. Behave courteously towards fellow students and school personnel
 3. Not throw food or trash
 4. Not be in the halls or locker pods without a written pass
- **First Offense:** Parent/Guardian contact, detention, or a lunch detention which may include cleaning of the lunchroom.
 - **Second Offense:** Parent/Guardian contact, detention, or a lunch detention, parent conference, possible removal from the cafeteria until a parent conference.
 - **Third Offense:** Parent/Guardian contact, 1 day of out of school suspension and parent conference, possible removal from the cafeteria until a parent conference.

CELL PHONES AND OTHER PERSONAL TECHNOLOGY DEVICES:

Definition of Personal Technology Device

Personal Technology Devices or “PTD”: Includes, but not limited to, a user’s own laptop, smartphone, eReader, iPad, etc., that is used on school property, and is approved for such use. Not all devices are approved for use on school property.

Use of PTD is a privilege, not a right, and the building principal has the right to limit, restrict, or prohibit a student from using PTD on school property. In addition, the user may be subject to discipline procedures. Discipline procedures would be in addition to a possible loss of technology use privileges.

Student Use of a Technology Device

Students may utilize Personal Technology Devices during the school day during passing time, in hallways, and during their lunch period. Devices may never be used during assemblies, speakers, or emergency drills. The default policy in all classrooms during instructional time is **NO CELL PHONE USE ALLOWED**. Cell phones should be **OUT OF SIGHT** and **NOT USED** from “bell to bell”. The only change to this policy occurs when the classroom teacher specifically states that cell phones may be utilized for an education purpose in class that day. Teacher may confiscate cell phones from students who do not adhere to this policy

Discipline Procedure for students violating personal technology device classroom rules:

- **First Offense:** Teacher refers student to administration following parent contact. Discipline consequence: 2-hour detention.
- **Second Offense:** Teacher refers student to administration following parent contact. Discipline consequence: 1-day suspension without personal technology device.
- **Third Offense and Beyond:** Teacher refers student to administration following parent contact. Discipline consequence: 2 or more days suspension.

Potential parent meeting with administration prior to the student reentering classes to develop a behavioral plan.

Discipline Procedure for students violating Student Acceptable Use Agreement:

Student violations of the Student Acceptable Use Agreement will be classified into one of three different levels depending upon the severity of the violation. Discipline would be in addition to a possible loss of technology use privileges. Violations range between 1-22 demerit points with consequences that may include warnings, detention(s), out of school suspension of up to 10 days, and/or possible expulsion from Lake Orion Community Schools. All discipline guidelines depend upon the severity of the event. Violations that include illegal activity will be referred to the Oakland County Sheriff Police Liaison Officer for possible prosecution.

Level One Violation (1-7 demerit points, 1-2 hours of detention assigned)

Examples of Level One Violation: (include but not limited to) (all violations are subject to greater demerit point assignment and/or additional consequences based upon administrator discretion):

- Use of another person's account/address/password is prohibited. Students may not allow other users to utilize their passwords.
- Students are expected to be polite, courteous, and respectful in their messages to others. Use of language appropriate to school situations in any communications made through the District's computers/network or PTD is expected. Use of obscene, profane, vulgar, sexually explicit, defamatory, abusive or threatening language in messages is prohibited.
- Downloading of any materials onto District's technology devices requires teacher approval. A student will be liable for any transfers or downloads that affect the network of any district owned technology and all repair costs.
- Students should never transmit media or other information that could be used to establish identity without prior approval of a teacher.
- All communications and information accessible via technology should be assumed to be copyrighted and/or trademarked. All copyright issues regarding software, information, and attributions of authorship must be respected.
- Information (including tests, graphics, audio, video, etc.) from copyrighted or trademarked sources used in student papers, reports and projects should be cited the same as references to printed materials.

Level Two Violations (8-15 demerit points, 1-3 days of Out of School Suspension assigned)

Examples of Level Two Violations: (include but not limited to):

- Students may not intentionally seek information on, obtain copies of, or modify files, data or passwords belonging to other users, or misrepresent other users on the network.
- Intentionally or willfully bypassing the District's internet security software is prohibited.

- Disclosure, use and/or dissemination of personal identification information of minors via technology is prohibited, except as expressly authorized by the minor student's parent/guardian on the authorization form.

Examples of Level Three Violations: (include but not limited to):

- Students may not engage in "hacking" or other unlawful activities.
- Transmission of any material in violation of any State or Federal law or regulation or Board policy is prohibited.
- Students may not use devices to record, transmit or post images or video of a person, or persons on campus during school activities and/or hours, unless otherwise allowed by a teacher or school administrator (in compliance with the authorization form).
- Use of technology to access, process, distribute, display or print pornography and other materials that are obscene, objectionable, inappropriate and/or harmful to minors is prohibited. Using technology for sending offensive messages, pictures, inappropriate text files, or files dangerous to the integrity of the District's computers/network (e.g., viruses) are prohibited.
- Malicious use of District technology to develop programs that harass other users or infiltrate a computer or computer system and/or damage the software components of a computer or computing system is prohibited. It should be noted that offenses including arson, assault and battery, alcohol, bomb threats, possession of weapon, narcotics, sexual harassment, and use of pyrotechnics are also covered by federal and state laws and may result in expulsion and/or criminal charges being pursued independently of school.
- Students may earn 1 point per semester for exemplary behavior (no discipline referrals to office) or perfect attendance. It is the student's responsibility to present to the administrator the use of those points. The use of these points is exclusively at the discretion of the administrator.
- All points start over at the beginning of each 20-week semester unless deemed necessary by administration.

CORRECTIVE ACTION:

Reasonable effort will be made by the student, parents, and staff to solve student conduct problems within the school setting. This may include, but need not be

limited to: reprimands, parent notification, confiscation of items, counseling, Circle Conflict Resolution group, work projects, parent conferences at school, reassignment of school program, probationary status, restriction or removal from activities or services, limited attendance, referral assistance, detention, in-school or out-of-school suspension and expulsion.

Resource personnel available to help resolve misconduct problems include: parents, teachers, counselors, administrators, social workers, school and county health services, school diagnosticians, extended education, family or social services agencies, police departments, and courts.

Although every effort is made to keep a student in school, under certain conditions it may be in the best interest of a student, or other students of the school, for a student to be denied the privilege of attending school and/or school functions. If it is the principal's judgment that the corrective action should take the form of separating the student from the school environment, the following categories exist:

DETENTIONS, SUSPENSIONS and EXPULSIONS:

An administrator will assign a student the appropriate consequence for rules violations. Consequences may include detentions, in-school or out-of-school suspensions or expulsion. Students attending Oakland Schools Technical Center (OSTC) will be assigned full days of out-of-school suspension.

Detention

One (1) detention consists of one hour of time to be served before or after school. Students are responsible for their own transportation, and in most cases the detention will be assigned for the Tuesday, Wednesday or Thursday following the discretion. If detention is skipped, students may be suspended from school.

Emergency Removal

A student may be removed or excluded from a classroom or a school when he/she poses a continuing danger to persons or property or represents an on-going threat of disrupting the educational process taking place in the classroom or the school premises. Such removal must be for a period of less than twenty-four (24) hours without being subject to suspension and expulsion procedures.

In School Suspension

ISS will be used at the administrators' discretion when dealing with student behavior.

Teacher Initiated Suspension (Snap Suspension)

A teacher (classroom instructor, permanent employee with an assigned caseload of students or a long-term substitute per District definition) may suspend a student from class, subject, or activity for up to one (1) full school day for certain conduct as specified in the Code of Conduct.

Short-Term Suspension

The principal or designee may impose a short-term suspension (the separation of a student from school for any part of a day or for any number of days up to and including ten days). They shall attempt to notify the student's parents/guardians of

the suspension by telephone as well as send written notification by e-mail or regular mail. The written notice shall include the reasons for the suspension, the date(s) of the suspension and the rights to appeal, including this policy with the suspension notice.

Long-Term Suspension

If, in the principal's opinion or as required by statute (compliance with State/Federal law), the alleged infraction warrants a long-term suspension or (the separation of a student from school for a period of more than ten days and less than one semester), he/she shall refer the case to the superintendent along with documentation (as listed in the suspension and expulsion guidelines).

Expulsion

If, in the principal's opinion or as required by statute (compliance with State/Federal law), the alleged infraction warrants an expulsion (the separation of a student from school for a semester or more), he/she shall refer the case to the superintendent along with documentation (as listed in the suspension and expulsion guidelines).

Further, in compliance with State and Federal law, the Board shall expel any student who possesses a dangerous weapon in a weapon-free school zone or commits either arson or criminal sexual conduct in a District building or on District property, including school buses and other school transportation. This action may be taken by the Board of Education upon the recommendation of the principal and the Superintendent of Schools, after a hearing has been conducted. (Refer to "Weapons/Dangerous Objects" on page 75).

Sending a Student Home

Unless the student is an immediate threat to the safety of the school, he/she should remain in school until class is dismissed for the day. If the situation indicates that the student should be removed from the premises, the principal shall attempt to reach the student's parent/guardian to request they pick up their child. If they are unable to do so, the student should remain in the principal's office until school is dismissed.

The principal may forego the previous provision in the event of mass violations of school rules or where it is not possible to keep the student(s) on school grounds and restore order to protect people on school property. In such an emergency situation, the principal shall contact the superintendent.

RESPONSIBILITY FOR SCHOOL WORK

Students who are suspended out-of-school are expected to continue their studies at home.

- Credit may be given for major components of required work missed due to an out-of-school suspension provided the student completes and submits all required assignments upon return to school.

DISABLED STUDENTS

A student in Special Education must be referred to the Individualized Education Program Committee (I.E.P.C.) and those disabled under a 504 must be referred to the Special Education Director or designee to determine if the behavior is related to the disability. Its decision will determine the appropriate next steps.

DISCIPLINARY ACTION APPEALS:

Suspension of more than one (1) school day but not more than ten (10) school days may be appealed. To initiate a disciplinary action appeal, the student and his/her parent/guardian must submit a written appeal to the principal within 24 hours or the next business day of the action. Failure to do so will result in the expectation that the student will follow through with the assigned discipline. The written appeal must contain the reason(s) that the suspension is being appealed. The decision of the principal may be appealed in writing to the superintendent within two (2) school days of the parents' notification of the decision. The superintendent's (or designee's) decision shall be considered final. The student and/or parent may petition to attend school during the appeal process.

- Subtle pressure for sexual activity.
- Persistent remarks about another person's body.
- Physical touching or assault.
- Sexually suggestive objects or pictures, graphic commentaries, suggestive or insulting sounds, whistling and obscene gestures.

Bullying/Cyberbullying

Bullying/cyberbullying is characterized by, but not limited to, deliberately hurtful behavior, or behavior that produces fear in others. As opposed to normal peer conflict, bullying is often repeated over a period of time, and it is difficult for those being targeted to defend themselves due to an imbalance of power. Bullying can take many forms, but three main types are:

- Physical: hitting, kicking, taking belongings, inappropriate gestures or acts.
- Verbal: oral or written name calling, taunting, teasing, insulting, intimidating remarks, sarcasm, prejudicial comments.
- Indirect: spreading rumors about someone with malicious intent, excluding someone from social groups.

Hazing

Hazing is defined as any willful act committed individually or in concert with others for the purpose of subjecting a person to humiliation, intimidation, physical abuse, threats of abuse, ostracism, shame, or disgrace, as a rite of passage to join a group. Permission, consent, or assumption of risk by an individual subjected to hazing does not lessen this prohibition.

PENALTIES

All students, employees, board members, volunteers, and contractors of the District are required to comply with this regulation. Appropriate disciplinary action, designed to immediately stop bullying, harassment, or hazing, and to prevent its recurrence, will be taken against persons who violate this regulation. It shall be considered a violation of this regulation for any person to coerce, intimidate, discriminate, or retaliate against any person filing a complaint and/or assisting in the investigation of a complaint.

A complainant who knowingly files a false complaint, or an individual who knowingly provides or knows false information has been provided during an

investigation or review and fails to report such information to the District, shall be subject to discipline.

DISCIPLINE OF:

STUDENTS – Discipline imposed upon a student for violation of this regulation may include suspension or expulsion, depending upon the nature and severity of the offense. A violation of this regulation may also be regarded and punished as a violation of other rules of student conduct including, but not limited to, assault, battery, threats, fighting, intimidation, or other misconduct. When appropriate, a referral for criminal investigation and prosecution may be made.

EMPLOYEES – Discipline imposed upon an employee for violation of this regulation may include warning, written reprimand, transfer, suspension, or dismissal, depending upon the nature and severity of the offense. Procedures and standards of applicable collective bargaining shall be followed. When appropriate, a referral for criminal investigation and prosecution may be made.

VOLUNTEERS and CONTRACTORS – A volunteer or contractor violating this regulation shall be subject to exclusion from school facilities, programs, and activities. The District reserves the right to discontinue any contracted service or commercial relationship with any contractor, vendor, or other service provider found to have violated this regulation. When appropriate, a referral for criminal investigation and prosecution may be made.

BOARD MEMBER – Discipline imposed upon a board member for violating this regulation may include removal from board offices, written notice of censure, or other appropriate action. When appropriate, a referral for criminal investigation and prosecution may be made.

BULLYING/CYBERBULLYING AND OTHER AGGRESSIVE BEHAVIOR TOWARD STUDENTS

It is the policy of the District to provide a safe and nurturing educational environment for all of its students. This policy protects all students from bullying/cyberbullying/aggressive behavior regardless of the subject matter or motivation for such impermissible behavior.

Bullying/cyberbullying or other aggressive behavior toward a student, whether by other students, staff, or third parties, including Board members, parents, guests, contractors, vendors, and volunteers, is strictly prohibited. This prohibition includes written, physical, verbal, and psychological abuse, including hazing, gestures, comments, threats, or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation.

Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying/cyberbullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

This policy applies to all "at school" activities in the District, including activities on school property, in a school vehicle, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the schools control, or where an employee is engaged in school business. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment.

Notification

Notice of this policy will be **annually** circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent guardian handbooks. State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedure.

Parents or legal guardians of the alleged victim(s), as well as of the alleged aggressor(s), shall be promptly notified of any complaint or investigation as well as the results of the investigation to the extent consistent with student confidentiality requirements. A record of the time and form of notice or attempts at notice shall be kept in the investigation file.

To the extent appropriate and/or legally permitted, **confidentiality** will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations. Further, the appropriate authorities may be notified, depending on the nature of the complaint and/or the results of the investigation.

Implementation

The Superintendent is responsible to implement this policy, and may develop further guidelines, not inconsistent with this policy.

This policy is not intended to and should not be interpreted to interfere with legitimate free speech rights of any individual. However, the District reserves the right and responsibility to maintain a safe environment for students, conducive to learning and other legitimate objectives of the school program.

Procedure

Any student who believes s/he has been or is the victim of bullying/cyberbullying, hazing, or other aggressive behavior should immediately report the situation to the Principal or assistant principal. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports shall be made to those identified above. Reports may be made anonymously, but formal disciplinary action may not be taken solely on the basis of an anonymous report. The Principal (or other administrator as designated) shall promptly investigate and document all complaints about bullying/cyberbullying, aggressive or other behavior that may violate this policy. The investigation must be completed as promptly as the circumstances permit after a report or complaint is made.

If the investigation finds an instance of bullying/cyberbullying or aggressive behavior has occurred, it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employees,

exclusion for parents, guests, volunteers and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement or other appropriate officials.

The individual responsible for conducting the investigation shall document all reported incidents and report all verified incidents of bullying/cyberbullying, aggressive or other prohibited behavior, as well as any remedial action taken, including disciplinary actions and referrals, to the Superintendent. The Superintendent shall submit a compiled report to the Board on an annual basis.

Non-Retaliation/False Reports

Retaliation or false allegations against any person who reports, is thought to have reported, files a complaint, participates in an investigation or inquiry concerning allegations of bullying/cyberbullying or aggressive behavior (as a witness or otherwise), or is the target of the bullying/cyberbullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy, independent of whether a complaint of bullying is substantiated. Suspected retaliation should be reported in the same manner as bullying/cyberbullying/aggressive behavior.

Making intentionally false reports about bullying/aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

Prevention/Training

The Superintendent shall establish a program or other initiatives involving school staff, students, clubs or other student groups, administrators, volunteers, parents, law enforcement, community members, and other stakeholders, aimed at the prevention of bullying/cyberbullying or other aggressive behavior.

Definitions

The following definitions are provided for guidance only. If a student or other individual believes there has been bullying/cyberbullying, hazing, harassment or other aggressive behavior, regardless of whether it fits a particular definition, s/he should report it immediately and allow the administration to determine the appropriate course of action.

- **“Aggressive behavior”** is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student’s educational, physical, or emotional well-being. Such behavior includes, for example, bullying/cyberbullying, hazing, stalking, intimidation, menacing, coercion, name-calling, taunting, making threats, and hitting/pushing/shoving.
- **“At School”** is defined as in a classroom, elsewhere on school premises, on a school bus or other school related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises. It also includes conduct using a telecommunications access device or

telecommunications service provider that occurs off school premises if either owned by or under the control of the District.

- **“Bullying/Cyberbullying”** is when someone repeatedly and on purpose says or does mean or harmful things to another person who has a hard time defending him or herself.

Three key components of bullying/cyberbullying behavior are:

- An aggressive, negative behavior
- Involves a pattern or is repeated over time
- Imbalance of power

Behavior is likely to harm one (1) or more students either directly or indirectly by doing any of the following:

- A. Substantially interfering with educational opportunities, benefits, or programs of one (1) or more students;
- B. Adversely affecting the ability of a student to participate in or benefit from the school district's educational programs or activities by placing the student in reasonable fear of physical harm or by causing substantial emotional distress;
- C. Having an actual and substantial detrimental effect on a student's physical or mental health; and/or
- D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Bullying/cyberbullying can be physical, verbal, psychological, or a combination of all three. Some examples of bullying/cyberbullying are:

- A. Physical hitting, kicking, spitting, pushing, pulling; taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.
 - B. Verbal taunting, malicious teasing, insulting, name calling, making threats.
 - C. Psychological spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation. This may occur in a number of different ways, including but not limited to notes, emails, social media postings, and graffiti.
- **“Harassment”** includes, but is not limited to, any act which subjects an individual or group to unwanted, abusive behavior of a nonverbal, verbal, written or physical nature, often on the basis of age, race, religion, color, national origin, marital status or disability, but may also include sexual orientation, physical characteristics (e.g., height, weight, complexion), cultural background, socioeconomic status, or geographic location (e.g., from rival school, different state, rural area, city, etc.).
 - **“Sexual Harassment”** includes, but is not limited to, any act which subjects an individual or group to verbal harassment or abuse, subtle

pressure for sexual activity, persistent remarks about another person's body, physical touching assault, or sexually suggestive objects or pictures, graphic commentaries, suggestive or insulting sounds, whistling and obscene gestures.

- **“Intimidation/Menacing”** includes, but is not limited to, any threat or act intended to: place a person in fear of physical injury or offensive physical contact; to substantially damage or interfere with person's property; or to intentionally interfere with or block a person's movement without good reason.
- **“Hazing”** includes, but is not limited to, any willful act committed individually or in concert with others for the purpose of subjecting a person to humiliation, intimidation, physical abuse, threats of abuse, ostracism, shame, or disgrace, as a rite of passage to join a group. Permission, consent, or assumption of risk by an individual subjected to hazing does not lessen this prohibition.
- **“Staff”** includes all school employees and Board members.
- **“Third parties”** include, but are not limited to, coaches, school volunteers, parents, school visitors, service contractors, vendors, or others engaged in District business, and others not directly subject to school control at inter-district or intra-district athletic competitions or other school events.
