

Technology Pricing Reference – October, 2015

Please follow the technology approval form process (see your building tech).

REMC bid site (Michigan educational bid pricing): <http://www.remcbid.org/>

For pricing on smaller items not listed here, check around on Amazon, CDW, Best Buy, etc. We recommend Canon brand or iPads/iPhones/iPods for basic digital cameras. Memory America & Crucial are good sites for memory upgrades.

Microsoft Surface

***UPDATE: No further Surface 3 (non-Pro version) requests will be approved at this time. More time is needed to figure out imaging and managing them, which is completely different than the Pro models. IT is testing potential solutions.**

Pro version recommended, regular version directed more at students/parents. Basic model may be sufficient for some staff looking for an inexpensive option, to be used primarily for internet and basic document work. Pro models have better/faster processors also used in desktop computers while the basic model has a mobile processor. Pro models more suited to opening larger documents, creating and editing. All Pro models come with at least 4 GB of system memory, while some of the basic models have 2 GB. Type Cover is the keyboard cover attachment.

Surface Pro 3 64 GB storage, i3 processor with Type Cover....\$815

Surface Pro 3 128 GB storage, i5 processor with Type Cover...\$990

Surface Pro 3 256 GB storage, i5 processor with Type Cover....\$1,250

Surface 3 models start at \$499 ***See note above***

Surface Pro 4 education pricing not available at this time. Product announced but not for sale yet.
